### KEY FACTS

Built by Austal in 2003, Saluzi is a stunning 70m yacht, offering a truly unique floating holiday home for exploring Mediterranean and Asian waters

Saluzi offers guests 1,650 sq.m of space across five decks

It is a summer class yacht with a shallow beam that can access exploration areas, coral reefs and shores

Designed by Miami-based designer Luiz de Basto and his team, the yacht was inspired by the notion of an ultra chic floating beach house and is a truly modern sanctuary for family and friends, combining both space and privacy

Saluzi has a crew of 35, who provide the ultimate service on board, whether it be a more formal or relaxed setting. Varied dining experiences are available, including

legendary beach barbecues

Guests can relax in the salon and wet spa after a session in the gym. The Dining room can be changed to a karaoke lounge and in the evening the sundeck is available for movie nights under the stars

Saluzi features an ultra-modern stabilisation system to reduce roll motion effect and ensure ultimate comfort. With a cruising speed of 12 knots, a maximum speed of 16 knots and a range of 1,500 miles, she is the perfect combination of performance and comfort

Saluzi is named after the mystical warhorse of Tang Dynasty Emperor Taizong. The artwork of the horse on the exterior of the yacht was created by artist Li Jiwei. By integrating an ancient Chinese royal horse with a modern yacht, Saluzi is an expression of both East and West
