TR *Where do you call home when travelling?*

TM The Peninsula in LA would be a great example, it's a second home for me. I have lots of friends in LA and love the laid-back lifestyle. The spa is really amazing.

TR *Any menu recommendations?*

TM You must have the chopped grilled vegetable salad at The Ivy in LA. When Minty is with me I like to treat her to the assorted cookie platter. In London I just love Mark's Club, Scott's and Harry's Bar.

TR *Any favourite islands?*

TM I try to get to St Barts as often as my schedule allows. I go with my close friends and daughter to unwind and to get away from it all. It's always totally relaxing. The water and beaches are breathtaking and I always leave there completely rejuvenated.

TR *How do you maintain your good looks while travelling?*

TM Lots of water to keep my body hydrated and lots of cream and lotion. And sunglasses for when I arrive at my destination, preferably not off a red-eye flight!

TR *Any travel tips for shoes?*

TM I travel with my shoes in separate dust bags all contained in my new black mock croc Roy Shoe Case from the Jimmy Choo 24/7 luggage range.
