KEY FACTS

ilā Spa creates the world's finest spa treatments and products, and partners with some of the world's leading luxury spas and retailers. ilā's artisan skincare products are hand blended in a consciously created environment of peace and purity in the heart of the English countryside, to ensure that the finished holistic products contain all the exquisitely pure energy from nature.

ilā seeks the highest levels of natural and ethical purity. Each ingredient is painstakingly sourced for its physical, emotional and physical benefits with high levels of vibrational energy that are harnessed in ilā's products to be absorbed by the skin and bring powerful healing benefits to the body's subtle energies. Many of the products are vegan and ilā continually work hard to increase this.

Going "beyond organic", the product collections aim to bring restoration, revitalisation and nourishment. They are solutions to contemporary lifestyle stressors, such as *The Big Sleep*, *Life in the Fast Lane*, *Vital Energy*, *Inner Peace* and *Renewed Recovery*, encompassing face, body, home,

travel and pet products. The collections are completely free from synthetic chemicals and contain a rare level of organic purity, which is achieved by sourcing the finest ingredients directly from local producers who cultivate and harvest the raw ingredients in harmony with nature.

ilā offers a warm healing treatment room at their beautiful headquarters in the heart of the Cotswolds. It provides the perfect haven for experiencing their world-renowned holistic therapies. Treatments combine a rejuvenating touch with their organic products, divine scents and peaceful music created by founder Denise Leicester. Guests will have a choice of stress-releasing full body massages and some of the most popular and youth-enhancing signature facials. Each treatment will be accompanied by a complimentary sound healing session - a powerful technique used to bring harmony and balance to the body and mind.

New this year is a rustic farm shop, situated on-site in the Cotswolds just steps away from where ilā's organically produced products are lovingly created. It stocks an array of gorgeous lifestyle products and ilā's exquisite skincare ranges, such as Vital Energy and Glowing Radiance.

DID YOU KNOW?

ilā was founded by the visionary Denise Leicester - a modern day alchemist, aromatherapist, qualified nurse, yoga teacher, sound healer, holistic bodyworker and spiritual philosopher in 2007. In her own words, Denise created ilā with the intention "to bring purity, energy and balance into everyday life by creating luxurious skincare products that work to improve natural beauty through the health and vitality of our skin, to increase wellbeing through the transforming effects of energy healing, and to connect to a greater sense of inner serenity."

ilā family of farmers stretches from the heart of the beautiful English Cotswolds to the foothills of the Himalayas, through the deepest recesses of the Amazon

Rainforest and into countless communities and co-operatives across Morocco, India, Brazil, Pakistan, Tibet and Bhutan. Investment in direct relationships and sustainable farming projects with indigenous communities is an integral part of ilā's values.

Selected ilā treatments and products can be enjoyed at world-class spas and luxury hotels around the world; some of which include Grantley Hall, Bodhimaya, No.15 Great Pultney and the Lanesborough Club & Spa in the UK.

ilā have a pet collection range of natural products that are pH adjusted and free of parabens, petroleum derivatives, propylene glycol, sulphate and DEA.
