Château Le Thil, Bordeaux

KEY FACTS

Built in 1737, this independent country mansion has a cosy yet elegant atmosphere and is surrounded by extensive grounds, set just a mile from five star sister property Les Sources de Caudalie and 200-acre winery Chateau Smith Haut Lafitte.

Lovingly restored, the villa has authentic features and carefully selected interiors inspired by the history of the Aquitaine region and local wine trade, through intriguing antiques, traditional materials and local fabrics.

9 rooms and 2 suites are available for individual bookings or La Chateau du Thil can be hired out exclusively. Guests will have their own

butler during their stay and breakfast is included.

Guests at the villa will have access to many of the amenities at sister hotel Les Sources de Caudalie, which can be reached by bicycle (provided free) or car, including restaurants, bars, a fitness room, indoor and outdoor heated pools and a large celebrated vino-therapy spa.

The reception rooms can also be hired together for private use - for family gatherings, celebrations or professional events. The rooms open onto each other to create an impressive 100 sq.m space, making it ideal for special occasions. Executive Chef of Les Sources de Caudalie can create delicious lunches and gourmet dinners, and wine tours and tastings can be arranged.
