Puente Romano Marbella

Puente Romano Marbella

KEY FACTS

Located on the “Golden Mile” between Marbella Old Town and Puerto Banus, set amidst mature subtropical gardens. The area is famous for Europe’s finest micro climate.

This Andalusian village-style beach front resort is a member of The Leading Hotels of the World and features spacious and comfortable suites and three villas (3 to 5 bedrooms) inspired by the surrounding Mediterranean landscape. All rooms enjoy stunning views of the garden or the Mediterranean Sea from their private terraces.

Guests can embark on a gastronomic adventure at Puente Romano and experience local and international cuisine in any of the resorts’ 12 restaurants. From those surrounding the Plaza Village, including 2 Michelin star Chef Dani Garcia’s restaurant, Spain’s first Nobu Restaurant and Celicioso offering a gluten-free menu, to beachfront dining venues Sea Grill and El Chiringuito.

The Six Senses Spa at Puente Romano offers a fully immersive experience taking inspiration from the Six Senses philosophy of combining the elements with the senses. Concentrating on both body and mind, the treatments and facilities are focused on natural healing.

The resort offers a wide array of sports and leisure facilities including tennis and padel tennis, fitness centre with classes and personal training sessions, golf, cycling, swimming and aquatic sports. The hotel can arrange unique, personalised and authentic ‘insider’ experiences including visiting family-run vineyards with a sommelier, discovering quaint white villages with a local expert, hiking to the soaring summit of La Concha, playing tennis with a pro, learning master tapas recipes handed down through generations or experiencing the ultimate dining safari.

DID YOU KNOW?

The resort completed a multi-million Euro refurbishment with substantial improvement to restaurants, accommodation and event facilities in 2016.

The namesake of the resort is the 1st Century Roman Bridge (Puente Romano). The bridge was built in the first century and is a remaining structure of the ancient road that once linked Cadiz with Rome. Today it is surrounded by elegant bars & restaurants, which make up the resort's Plaza Village

The Plaza Village features an enchanting open air terrace during the summer and a covered terrace during the winter

The 55,000 sq.m of lush subtropical gardens feature over 400 botanical species of plant life, which have been brought to the gardens from all over the world

Guest rooms and suites feature Mediterranean inspired designs by acclaimed English designer Andrew Martin, with each room offering views of either the resort gardens or the Mediterranean sea from their private terraces. Some suites feature bathrooms with Jacuzzi as well as a terrace with a private Jacuzzi

Launched by Bjorn Borg and developed by Manolo Santana, The Tennis & Fitness Club has a main court seating over 2000 spectators and the club has played host to international tournaments and concerts

The resort has made efforts to decrease its carbon footprint and increase green initiatives by replacing its fuel boilers with organic olive stone feed and renovating the legendary Swan Lake with a new waterproof layer and pumping system and more

The resort opened Spain's first Nobu Restaurant on 15th June 2017
