### KEY FACTS

Grand Powers is nestled in the heart of Paris's famed Golden Triangle, a few steps from the Champs Elysees, the legendary Avenue Montaigne and the Grand Palais. On its doorstep are high-end boutiques, fashion houses, and some of the city's most iconic sites.

This sumptuous century-old boutique hotel sits within a mid-19th Century Haussmann townhouse. Following a complete refurbishment, it re-emerged in 2019 showcasing 50 classic, cosy rooms and suites with marble bathrooms, original historic features, antique fireplaces, bespoke furniture inspired by trendy 90s styles and individual pieces of art. Some rooms offer stunning Eiffel Tower views.

The stylish Café 52 brasserie and lounge is an ideal setting to start the day with a Parisian style breakfast, a chic spot for a well-balanced gourmet lunch or the place to meet for light dining and evening drinks.

Thala Spa is a rejuvenating oasis dressed in 3 different marbles including the famous Thala, which the Spa is named after. It comes complete with a Jacuzzi, hammam, steam room and sauna. Guests can book beauty treatments by US brand Dermalogica.
